

# *Advocates for Quality Education*

We support quality education and a BOE responsive to the community  
**NOT One with a Political Agenda**

We encourage you to be wary of any candidate proposing parental control over the curriculum and medical freedom.

- Boards of education DO NOT create policy—they implement it.
- The NYS Education Department sets the curriculum.
- State and county health departments determine health protocols.

In Rocky Point  
We Support the  
Two Susans:

**Susan Sullivan**  
**Susan Wilson**
